ASSOCIATION BOARD LOOK FORWARD TO
SEEING YOU THERE.**

**Can't make it to the 2018
Rockhampton Brahman Week Sale?**
We've got you covered with online bidding.

Online Bidding Platform

Visit www.rlx.com.au and filter to find the Rockhampton Brahman Week Sale on the RLX Sales page.

Select 'Bid Online'. This link will take you to the online bidding registration page.

Complete all required registration information, as prompted.

Once registration is complete, your request will be submitted for approval.

On sale day, visit the RLX website, click 'Bid Online' and follow prompts.

For further information - visit www.rlx.com.au

NOTICE TO BUYERS

POST SALE FEEDING OF CATTLE AT THE GRACEMERE SALEYARDS

Vendors and purchasers
please note:

All bulls left over night post
sale will only be fed by the
sale yard feeding contractor
if the feed sheet in the
buyers lounge is completed

**THE FEED SHEET MUST BE
COMPLETED FOR EACH DAY
OF THE SALE**

MOUTHING OF BULLS

The Dentition reported in the supplementary is relevant to the date of inspection which may be performed up to 6 weeks before the sale.

There is evidence that the time taken from emergence to fully erupted of a pair of permanent teeth can be as little as 2 weeks, therefore an additional set of teeth may have appeared within the allowable inspection window.

Beyondblue urges those in drought-affected areas to get support for their mental health

The severe drought affecting parts of rural Australia is causing significant distress for many people – financially, physically and emotionally.

beyondblue wants to reassure these communities that support is available. Below is a list of helpful resources for those experiencing financial hardship, stress and psychological distress.

“People in rural Australia are known for their resilience, but even the most resilient among us need extra support at times. We want everyone to know that support is available and encourage people to seek advice. Asking for support is a sign of strength – not weakness,” beyondblue CEO Georgie Harman said.

Financial hardship, isolation and stigma can take a toll on farmers in distress, placing their mental health at risk.

“You are not alone and you don’t have to go it alone,” Ms Harman said.

beyondblue commends all those involved in the relief effort – state and federal governments, mental health organisations, fundraising

bodies, non-profits, private companies and the many other groups and individuals rallying to support our farming, rural and regional communities at this difficult time.

The Commonwealth will invest \$11.4 million in mental health support initiatives.

The beyondblue online forum is a safe, anonymous space for people affected by the drought to seek support from fellow farmers and talk about how they are feeling. A dedicated discussion is available at bb.org.au/drought-support-forum.

The beyondblue website is www.beyondblue.org.au.

If you are worried about yourself or someone else and need to talk, the beyondblue on 1300 22 4636.

EXPLANATORY NOTES FOR CATALOGUES

Only GROUP BREEDPLAN EBVs with Accuracy (Acc) can be validly compared between Brahman herds

ESTIMATED BREEDING VALUES (EBVS)

An animal's breeding value is its genetic merit, half of which will be passed on to its progeny. While we will never know the exact breeding value, for performance traits it is possible to make good estimates. These are called Estimated Breeding Values (EBVs). They are expressed as the difference between an individual animal's genetics and the genetic base to which the animal is compared.

ACCURACY

An accuracy value is presented with every EBV and gives an indication of the amount of information that has been used in the calculation of that EBV. The higher the accuracy the lower the likelihood of change in the animal's EBV as more information is analysed for that animal or its relatives. The following guide is given for interpreting accuracy:

ACCURACY RANGE INTERPRETATION

less than 50% - EBVs are preliminary and could change substantially as more performance information becomes available.

50 - 74% - medium accuracy, usually based on the animal's own records and pedigree.

75 - 90% - medium-high accuracy. Some progeny information included. It is unlikely that EBVs will change much with addition of more progeny data.

more than 90% - high accuracy estimate of the animal's true breeding value.

As a rule, animals should be compared on EBVs regardless of accuracy. However, where two animals have similar EBVs the one with higher accuracy could be the safer choice, assuming other factors are equal.

TRAITS

Birth

BWT: Birth Weight EBV (kg) is based on the measured birth weight of animals, adjusted for dam age. The lower the value the lighter the calf at birth and the lower the likelihood of a difficult birth. This is particularly important when selecting sires for use over heifers.

Fertility

SS: Scrotal Size EBV (cm) is calculated from the scrotal circumference measurements of males taken between 300 and 700 days of age. Values are adjusted to 400 days of age. This EBV is an indicator of male fertility in regards to semen quality and quantity. Higher (positive) EBVs indicate larger scrotal size. There is also a small negative correlation with age of puberty in female progeny and therefore selection for increased scrotal size will result in reduced age at calving of female progeny.

DC: Days to Calving EBV (days) is an indicator of female fertility based on the time between a cow's first exposure to a bull and when she subsequently calved. Cows that calve late in the season or fail to calve

are penalised. Lower (negative) EBVs are preferred indicating shorter days to calving for the sire's daughters.

Growth

Milk: 200-Day Milk EBV (kg) is an estimate of an animal's milking ability. For sires, this EBV is indicative of their daughter's milking ability as it affects the 200-day weights of their calves.

200: 200-Day Growth EBV (kg) is calculated from the weight of animals taken between 80 and 300 days of age. Values are adjusted to 200 days and for age of dam. This EBV is the best single estimate of an animal's genetic merit for growth to early ages.

400: 400-Day Weight EBV (kg) is calculated from the weight of progeny taken between 301 and 500 days of age, adjusted to 400 days and for age of dam. This EBV is the best single estimate of an animal's genetic merit for yearling weight.

600: 600-Day Weight EBV (kg) is calculated from the weight of progeny taken between 501 and 900 days of age, adjusted to 600 days and for age of dam. This EBV is the best single estimate of an animal's genetic merit for growth beyond yearling age.

MWT: Mature Cow Weight EBV (kg) is an estimate of the genetic difference in cow weight at 5 years of age. Moderate EBVs are generally more favourable.

Carcase

CWT: Carcase Weight EBV (kg) estimates the genetic difference in carcase weight at a standard age of 650 days.

EMA: Eye Muscle Area EBV (cm²) estimates genetic differences in eye muscle area at the 12/13th rib site of a 300kg dressed carcase. More positive EBVs indicate larger eye muscle area and therefore higher retail beef yields.

RIB: Rib Fat EBV (mm) estimates the genetic differences in fat depth at the 12/13th rib in a 300kg dressed carcase. More positive EBVs indicate more subcutaneous fat and earlier maturity.

RUMP: Rump Fat EBV (mm) estimates the genetic differences in fat depth at the P8 site of a 300kg dressed carcase. More positive EBVs indicate more subcutaneous fat and earlier maturity.

RBV%: Retail Beef Yield Percent EBV (%) represents total (boned out) meat yield as a percentage of a 300kg dressed carcase. A more positive EBV indicates higher percentage yield for the 300kg carcase weight.

Selection Index

Jap Ox: estimates the genetic differences between animals in net profitability per cow joined for an example commercial herd targeting pasture finished steers for Export markets. Steers are assumed to be pasture grown & finished, weighing 600 kg live weight or 325 kg carcase weight at 32 months from a self-replacing herd run in a tropical environment. Daughters are retained in the industry for breeding.

Brahman Breed Average EBVs for 2016 born calves

EBV	Birth Weight (kg)	200 Day Weight (kg)	400 Day Weight (kg)	600 Day Weight (kg)	Mature Cow Weight (kg)	Milk (kg)	Scrotal Size (cm)	Days to Calving (days)	Carcass Weight (kg)	Eye Muscle Area (sq.cm)	Rib Fat (mm)	Rump Fat (mm)	Retail Beef Yield (%)	IMF (%)	Jap Ox Index (\$)	Live Export Index (\$)	Percent Normal Sperm (%)	Flight Time (seconds)	Shear Force (KG)

AUCTION TERMS AND CONDITIONS OF SALE

IMPORTANT NOTICE: All bids shall be treated as offers made upon the following Terms and Conditions of Sale and all persons present are admitted to attend the sale on the basis that they have notice of these Terms and Conditions.

1. The highest bidder shall, subject to Condition 2, be the Purchaser provided that the Vendor reserves the right to bid either by himself or through his Agent or Auctioneer and should any dispute arise among the bidders for any lot, during or immediately after the sale of the lot, it shall be settled at the Auctioneers absolute discretion who may, should one of the disputants advance, put the lot or lots up again. The bidding from time to time shall be regulated by the Auctioneer and no bid shall be retracted.
2. The sale will be conducted on a "Sale" or "No Sale" basis whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bid by the Vendor who will immediately after the fall of the hammer declare "Sale" or "No Sale". Should the Vendor reject the bid of the highest bidder such bidder will have the right of first refusal of the lot at the Vendor's nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.
3. The details of the Purchaser, the purchase price and the lot sold as recorded by the sale clerk for and on behalf of the Auctioneer shall be equally binding on both Purchaser and Vendor.
4. The Auctioneer expressly reserves the right, without giving any reasons therefore, to:—
 - (a) Refuse to acknowledge any bid;
 - (b) Withdraw any lot or lots before or during the sale;
 - (c) Exclude any person from the auction venue should it think fit.
5. Each lot in all cases shall be at the risk and expense of the Purchaser upon acceptance of his bid by the Vendor or upon acceptance of the highest bidder's offer by the Vendor whichever shall be the earlier.
6. Except as expressly provided in these Terms and Conditions of Sale no guarantee or warranty shall be given in respect of any lot sold under these Conditions as to pedigree, sex, age, breeding condition or otherwise howsoever, and no guarantee, warranty or condition whatsoever shall be implied from any affirmation made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the Vendor or by the Auctioneer acting as agent for the Vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee, warranty or condition whatsoever was given or implied.
7. In the event of any dispute in respect to the sale of any lot:
 - (i) The Purchaser shall nevertheless be obliged to pay to the Auctioneer the full purchase price and any other monies or interest payable by the Purchaser in accordance with these terms and conditions;
 - (ii) The Vendor and the Purchaser shall resolve the dispute between themselves;
 - (iii) The Auctioneer shall have no liability or responsibility in regard to the dispute; and
 - (iv) No lot shall be returned to the Auctioneer and the Purchaser shall indemnify the Auctioneer for all costs, expenses and damages which the Auctioneer is put to or incurs by reason of the Purchaser so doing.
8. The name of the Vendor for whom the Auctioneer acts is acknowledged to have been furnished to Purchasers prior to the sale and further particulars will in all cases be furnished to a Purchaser if required. In the case of any disputes the remedy of the Purchaser shall be against the Vendor only and in no case or under any circumstances against the Auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.
- 9.(a) PAYMENT — Unless prior credit arrangements have been made in writing with the Auctioneer the full purchase price for each lot shall be due and payable to the Auctioneer in cash upon acceptance of the highest bid or the highest bidder's offer by the Vendor and prior to delivery. Notwithstanding that delivery is given to or possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the Purchaser until the full purchase price and all cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated, and until property shall pass, the Purchaser shall hold such lot as bailee, provided that in all cases should such payment not have been made and liquidated within 14 days of the date of the sale the Auctioneer reserves the right to:—
 - (i) Rescind the contract on behalf of the Vendor and reposess and resell any lot;
 - (ii) Recover from the Purchaser interest upon the purchase price at a rate per annum which aggregates the AMBA Bill Rate plus two percentum. For the purposes of this condition, the expression "the AMBA Bill Rate" is the rate published by the Australian Merchant Bankers Association in good faith as at the date of the sale as its bill rate for 180 day bills of exchange expressed as a percentage per annum. If at any time the AMBA Bill Rate becomes unavailable for any reason, the Auctioneer shall determine and advise the Purchaser of the interest rate to apply for the purposes of this condition.
- 9.(b) The Auctioneer is selling as the del credere agent of the Vendor and the full purchase price of any lot sold shall be payable by the Purchaser to the Auctioneer and be fully recoverable by the Auctioneer in its own name.

10. If the Purchaser shall neglect or fail to comply with any of the within conditions, any lot purchased by him may be immediately resold by public auction or private contract, with or without notice, at the risk of the former Purchaser, who will be held responsible for all loss and expenses arising out of such resale, and shall not participate in any profit accruing therefrom.
11. Any Vendor or Purchaser removing the sale number from any lot after it has been sold will fully indemnify all affected parties for any loss, costs or damage should the lot be wrongly delivered.
12. The Purchasers, if any more than one, shall be jointly and severally bound by these Terms and Conditions, and shall jointly and severally carry out and perform same.
13. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the Vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the Vendor or Auctioneer, provided however, that this Condition shall not in any way negate the Vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be by way of guarantee.
14. The Auctioneer may, should it think fit, make arrangements on a Purchaser's behalf for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the Auctioneer and all such service will be at the Purchaser's risk and expense.
15. No lot will be delivered until the sales invoice has been checked and signed by the Purchaser or his duly authorised representative.
- 16.(a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the Trade Practices Act or any applicable State legislation which cannot be contractually excluded and excepting conditions and warranties expressly contained in these Terms and Conditions of Sale, any express or implied condition, statement of warranty, statutory or otherwise, is hereby excluded. The Auctioneer is not liable in respect of any error, misdescription or omission in any particulars appearing or stated regarding the description of pedigrees of any lot offered for sale and no such error, misdescription or omission shall entitle the Purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.
- (b) Each lot will be sold subject to passing all veterinary tests required by the law of the state or country to which the Purchaser intends to transport that particular lot, such tests to be undertaken at the Purchaser's expense and concluded immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the Purchaser shall be refunded and property in the lot shall revert to or remain with the Vendor.
17. Guarantees of Fertility:—
 - (1) BULLS - Save and except for calves at foot, all bulls are guaranteed breeders and to so prove by the later of:
 - (a) six months after the date of sale or
 - (b) the animal reaching the age of 24 months
 - (2) FEMALES - Save and except for female calves at foot, all females are guaranteed to be in calf or go into calf by the later of:
 - (a) 6 months of the date of sale
 - (b) the animal reaching the age of 30 months

A positive pregnancy test certified by a qualified veterinary surgeon shall be sufficient evidence that the animal is in calf.
 - (3) Claims under Clauses 17(1) and 17(2). A claim that an animal has failed to satisfy a guarantee of fertility under Clause 17(1) or 17(2) must be made to the Vendor within the relevant guarantee period but prior to the animal entering a quarantine area other than on the Vendor's property.
 - (a) All claims must be accompanied by a certificate from a registered veterinarian surgeon in accordance with the guidelines established by the Australian Association of Cattle Veterinarians which must clearly identify the basis of the claim.
 - (b) Subject to Clause 17(9), infertility resulting from injury or disease occurring after the sale of the animal is not covered by this guarantee.
 - (c) The Vendor retains the right to have the animal placed on a property nominated by him or returned to his own property for further assessment of fertility for a period not exceeding six months. If the animal proves fertile within the period such status must be confirmed by a certificate issued by a registered veterinary surgeon in accordance with the guideline established by the Australian Association of Cattle Veterinary and costs incurred must be borne by the Purchaser. If the animal not proven fertile within the period, the costs incurred must be borne by the Vendor.
 - (4) LIABILITY OF A VENDOR - Except for costs defined elsewhere in the conditions of sale, the liability of a Vendor in respect of claims relating to fertility shall not exceed the purchase price of the animal(s) or provide mutually agreed upon replacement animal(s).
 - (5) In the event of a claim being substantiated:
 - (a) The purchase price shall be refunded within 14 days unless a mutually agreed upon replacement animal has been provided.
 - (b) The animal/s which are the subject of the claim and any stocks of stored semen shall automatically become the property of the vendor and be returned to him or disposed of according to his instructions at his expense.
 - (6) Subject to Clause 17(9), this guarantee is of no effect if:
 - (a) The animal is returned to the Vendor.

- (i) In poor physical condition or with any injury;
- (ii) Tests carried out on behalf of the Vendor within fourteen days of such return proved positive to any diseases which may affect the animal's fertility or ability to breed naturally; or
- (b) The Purchaser has collected and stored embryos from a female.
- (7) In the event of a dispute as to whether a lot is a breeder, such dispute shall be resolved by the Vendor and the Purchaser and the Auctioneer, while he will use his best endeavours to assist, shall have no liability or responsibility in that regard. If an animal is alleged or proved not to be a breeder, the Purchaser must nevertheless pay the Auctioneer the full purchase price and any other monies or interest payable by the Purchaser in accordance with these Terms and Conditions.
- (8) EVIDENCE OF FERTILITY — A Certificate issued by a registered veterinary surgeon at or before the time of sale than an animal is fertile (unless it is a certificate stating in respect of a female that she is in calf at the time of sale) does not, of itself, satisfy or discharge the Vendor's obligations under the guarantee of fertility given under this Clause 17. All animals, except calves at foot, must prove their fertility within the relevant guarantee period.
- (9) RELIEF FROM GUARANTEE — If the Vendor seeks to be relieved from the obligations which would otherwise be imposed upon him by this clause by virtue of Clauses 17(3)(b) or 17(6)(a), the onus of proof is upon the Vendor to establish that:
 - (a) The animal suffered the injury or disease or is in poor physical condition due to circumstances and events occurring after the sale, and
 - (b) The injury, disease of physical condition is the sole cause of the animal's infertility or failure to prove fertility within the guarantee period.
- (10) DEFINITION — For the purpose of this Clause 17, the expression "guarantee period" means:
 - (a) in relation to bulls — the period specified in Clause 17(1) as being the period in which the bull must prove his fertility;
 - and
 - (b) in relation to females — the period specified in Clause 17(2) as being the period in which the female must go into calf.
- 18. (a) Each lot shall be at the risk of the Vendor in respect of any damage or injury, whether by disease, accident or otherwise, or whether caused by the negligence of the Auctioneer for the period that the lot be in the custody of the Auctioneer, unless such lots shall have been sold in which latter case such lot shall be at the risk of the Purchaser in all such respects.
- 18 (b) If any Vendor brings to the sale premises any lot which is dangerous, or infected with any disease, that Vendor shall be liable for all injury, damages, costs, losses or expenses which the Auctioneer may sustain, incur or be put to either directly

or indirectly as a result of the Vendor so doing. The Auctioneer reserves the right, at its absolute discretion, to exclude from the sale, or put out of the sale venue or dispose of, any lot which in its opinion shows signs of any disease, whether infectious, contagious or not, or of any serious fault or of being dangerous.

- 19. DELIVERY — Except at the discretion of the Auctioneer no lot shall be delivered to the Purchaser unless payment of the purchase money together with any additional charges incurred including those expenses incurred by the Auctioneer pursuant to Condition 14 hereof, is first made by the Purchaser to the Auctioneer. Release of lots may be withheld by the Auctioneer until personal cheques are cleared.
- 20. In these Conditions:—
 - (a) References to "Auctioneer" shall be taken to mean as the context so admits, the Selling Agent or any member, subsidiary or related corporation or body, officer, agent or employee thereof, authorised by the Vendor to conduct the sale of the lot;
 - (b) "Purchaser" shall have the meaning ascribed to it in Condition 1;
 - (c) "Vendor" shall mean the person or corporation upon whose account lots are offered for sale and where a stud or farm is named shall mean the proprietor of that stud or farm;
 - (d) "Lot" shall be taken to mean the animal offered for sale and/or sold by the Auctioneer on behalf of a Vendor.

IMPORTANT NOTICE

The Selling Agent, its members, subsidiary or related corporations, officers, agents, and employees for themselves and for those for whom they act while exercising due care provide all information without responsibility and give no guarantee whatsoever as to its accuracy.

All persons who attend the Sale do so entirely at their risk and the Selling Agent, its members, subsidiary or related corporations, officers, agents, employees and its principals, for themselves and for those for whom they act, do not assume or accept any responsibility or liability of whatever nature for any injury or damage whatsoever which may occur.

EBV	+6.1	+35	+52	+73	+87	-1	+0.2	+5.7	+3.7	-1.8	-2.6	-0.5
ACC	54%	64%	68%	72%	62%	33%	32%	31%	34%	32%	37%	31%

NOTES: This is a large framed white grey sire who displays great weight for age, super length and thickness with a sirey outlook. He is the youngest bull in our draft and comes from the outstanding 'Maddox' daughter who was the top selling 'Brahrock' female at Gympie a few years back. This female has produced a heifer that stood 5th in a big class at the Congress. We believe he is a real sire in the making.

ACC	51%	63%	66%	71%	60%	25%	25%					

NOTES: A deep bodied grey sire with depth, bone and a lot of breed character. His dam produced a top-class daughter who was sold to the Pace family last year at the Rocky All Stars sale and the grand dam has bred the house down since being purchased at Tropical Cattle reduction, selling bulls at RBWS to the late Eric Nobbs & Bush Holdings up to \$15k. His sire, 'Newburra Grafton' produced our top selling bull 'Glengarry G Rocky' purchased by Token & Yenda V for \$32k last year, so has top class parentage in his blood.

LOT 205. JRL MR JOSE MANSO (IVF) (H)

ELDERS Identifier: **JRL056M(REG)** Calved: **12/12/16**
Colour: **GREY** Status: **Horned** P.H. No. **056** Age: **21 Mths**

JDH MR MANSO 449/1 (IMP US)

S. JDH MARTIN MANSO (IMP US) JDH879/3M(REG)

JDH LADY JOCKO MANSO 425/2

JDH MR BOSWICK MANSO (IMP US) *

D. FBC W MISS JOLLEEN MANSO 114W (AI) (ET) (H) FBW114WF(REG)

FBC W LADY JOELLE MANSO (ET) (H)

NOTES: Classy, young. It won't be hard to find Jose ? he's bright white, silky smooth coated and very friendly. This guy will add that extra growth and punch you might be looking for in a Sire. From one of the very best donor cows at the stud in Jolleen ? (who is still producing well at 15 years of age), Jose retains plenty of softness and style for a big fellow with a nice long hip, deep flank, huge volume and light sheath. He'll sit well on stud duties and double up as a serious bullock producer.

LOT 206. JRL JUBILEE MANSO (IVF) (D)

ELDERS Identifier: **JRL065M(REG)** Calved: **21/12/16**
Colour: **GREY** Status: **Dehorned** P.H. No. **065** Age: **21 Mths**

MR V8 202/3 (IMP US) (H) +

S. JDH MADISON DE MANSO (IMP US) (ET) (H) + JDH737/4M(REG)

JDH LADY REM J MANSO 2 +

JDH MR ELMO MANSO (IMP US) (H)

D. NCC LADY JO 2230 (IVF) (D) NCC2230F(REG)

FBC D LADY JO LIBERTY MANSO 383D (AI) (ET) (H)

NOTES: You'll admire the profile on Jubilee. Long strong back, light sheath and lovely loose skin. From one of our better donors, who never fails to produce a good one. Bank on his great pedigree to ensure him as a Sire - excellent udders, easy doers, small birth weights, high growth rates, fertility and functionality - his Dam has produced it time & time again.

..... \$

LOT 207. JRL SIR LADBROKE MANSO (IVF) (H)

ELDERS Identifier: **JRL061M(REG)** Calved: **18/12/16**
Colour: **GREY** Status: **Horned** P.H. No. **061** Age: **21 Mths**

JDH MR HOOKS MANSO (IMP US) (H)

S. JDH JENE MANSO 117/8 (IMP US) (H) JDH117/8M(REG)

D. KUMBIDGEE LADY MADISON 13/1 (ET) (H) KTL13/1F(REG)

LANCEFIELD LADY REM MANSO 8853 (H)

NOTES: Lovely soft young Sire of the future, with a heap of style and presence about him. Again, out of one of the better donors in the stud who consistently produces a good one. He's one of the first of the JDH JENE'S to hit the market. He's got plenty of volume in him, big rib spring, heavy bone, plenty of meat & some size too. He always seems to parade around the paddock with ease and standout from the crowd. Great nature.

..... \$

LOT 208. JRL MR JONATHAN MANSO (IVF) (D)

ELDERS Identifier: **JRL062M(REG)** Calved: **13/12/16**
Colour: **GREY** Status: **Dehorned** P.H. No. **062** Age: **21 Mths**

AUGUST 2018 BRAHMAN BREEDPLAN

	BW	200G	400G	600G	MCW	MILK	SS	DTC	EMA	RBF	RUMP	IMF
EBV	+4.4	+25	+35	+47	+59	-3	-0.3	+5.7	+2.8	-1.2	-2.0	-0.4
ACC	46%	52%	53%	57%	51%	31%	30%	26%	30%	31%	35%	27%

NOTES: A large framed grey polled sire with bone to burn, and more grunt then a bore pig. Gridlock is a son of Lancefield S Watson who was a sale topper in 2012 selling to the Robke family, Mirani for \$28K. He has done a cracker of a job for Glengarry producing quality sires that you can inspect for yourself in the number of sons catalogued this year in their draft. The dam is also a large framed matron that is still feminine. I have just weaned an outstanding full sister to the sire I am offering. Gridlock is a polled sire with loads of potential.

You can make a difference to their
lives and yours by using
TRI-SOLFEN®

**NOW AVAILABLE FOR USE AT
DISBUDDING, DEHORNING AND
CASTRATION OF CALVES.**

Tri-Solfen is the only product in Australia that provides quick and long lasting pain relief, minimises bleeding, protects against infection and promotes wound healing. With it's cost effective and easy topical application, it's now time to make the better choice for animal welfare and use Tri-Solfen for pain relief.

Better for livestock, better for you and better for industry.

Call Bayer's customer information line on 1800 678 368 or visit www.growsolutions.com.au for further information.
© Bayer Australia Ltd. 875 Pacific Highway, Pymble NSW 2073, ACN 000 138 714. TRI-SOLFEN® is a registered Animal Ethics Pty Ltd trademark.

ACC	54%	65%	71%	65%	60%	37%	44%	30%	33%	31%	39%	29%

NOTES: 'Hombre' is the first son of 'Glengarry Gangster' we will sell. His progeny was sort after at this year's Big Country Sale averaging \$20k for 3 red sires topping at \$40k. This power-packed young sire stands on good bone with a correct frame and a real sires head, teamed together with a tremendous underline. His dam is a full sister to 'Glengarry Crackerjack' who produced our resident sire 'Newburra Grafton'. We sold his son 'Glengarry G Rocky' to Yenda V & Token last year for \$32k. We think 'Hombre' will be a real impact sire for the purchaser.

EBV	+3.2	+19	+26	+34	+45	-1	-0.3	+3.5	+1.9	-0.8	-1.5	-0.2
ACC	46%	48%	49%	49%	46%	41%	33%	25%	30%	31%	36%	26%

NOTES: He is a real beef machine with impressive breed character and softness. This young sire has outstanding parentage. 'JDH Sir Locke' was imported 30 years ago by the Walla stud and the fertility is still A1 producing 19 calves out of 'a straw in an IVF program. We have had great success with a son already selling many top selling progeny by 'Glengarry G Super Locke'. 'Murphy's Law' dam is a polled matron who has been a real star with the Brahrock stud selling a polled heifer at last year's Gympie Female Sale for \$34k to Rosetta Grazing. We are retaining a polled full brother of this young sire. If you are looking for performance in paternal pedigree, look no further.

NOTES: Emerson is an outstanding sire prospect by homebred sire Palmvale Hollywood (Jomanda Walker) out of the cow that has produced Champion Show cow Miss Teena, and now three Brahman Week Bulls in a row, as well as another outstanding sale bull for next year. Emerson exhibits plenty of growth for age, tremendous bone, extremely tidy sheath, beautiful skin type and impeccable temperament. So much consistency in the pedigree of this young bull.
