report date 25/05/2021

comparison date 18/05/2021

There was a decrease in cattle numbers this week. Quality was good with approximately 500 cows, 60 bulls, close to 200 grown cattle and many pens of well bred younger cattle which suited feeders, restockers and processors. The regular buyers attended in an overall stronger market with the feeder cattle averaging from 5c to 10c/kg dearer, with some isolated sales stronger due to the increased demand. It was also of a firm trend for younger trade cattle, while the grown cattle averaged unchanged to 5c/kg easier. The cows sold from firm to 5c dearer, and bulls also sold to a stronger trend from 2c to 10c/kg.

The prime vealers sold from 450c to 502c/kg. Prime steer yearlings made from 400c to 483c, with the heifer portion selling from 400c to 485c/kg. The yearling steers and heifers going to the feeders and restockers mostly sold from 370c to 487c/kg. They also purchased well bred young steers during the market from 500c to 570c, and heifers up to 524c/kg.

The grown steers sold from 374c to 418c/kg. Heavy C3 grown heifers sold from 378c to 395c, with the D4s making from 320c to 394c/kg. Light weight cows sold from 170c to 250c/kg. The medium weights made from 245c to 299c, with the heavy cows selling between 290c to 326c/kg. Restockers were active and paid from 265c to 328c/kg. Heavy weight bulls sold from 285c to 310c/kg.
