Yarding Change 1070
-30

comparison date 10/07/2017

Numbers were similar at 1,070 head of mostly good quality cattle. Plenty of yearlings were available; there were also good numbers of cows. All regular processors and feeders were present.

Weaner numbers have dropped off, the market for both steers and heifers was cheaper for the top grades and averaged firm to slightly cheaper. Yearling steer averages showed a dearer trend while the heifers were cheaper.

There were limited numbers of grown steers and these were dearer. The heifers, however, showed a cheaper trend. Best cows showed an increase, while their lighter counterparts were cheaper. Bulls also showed a cheaper trend on the last market.
