

RLX Market Report

SELX Prime Lamb & Sheep – Wednesday 16th July 2025

Total Yarding: 8232 (-1017) | Sheep Yarding: 3900 (+200) | Lamb Yarding: 4332 (-1217)

Lamb numbers eased and the quality was plainer with only a very limited number of prime lambs and these were mostly heavy weights. There were a lot of secondary trade lambs and a few light weights. Not all the usual buyers were operating. There were only a few orders in place for the light store lambs which made the lighter end cheaper while trades and heavy lambs firm to dearer.

The light lambs to 18kg were \$10 to \$15/head softer with very little restocking activity and the processing lambs showed an increase, this was due to buying more lambs at the heavier end. Prices ranged between \$100 and \$190/head. Trade lambs remained firm selling from \$192 to \$273/head and averaged 1050c to 1080c/kg with the best, a pen of very neat 24kg lambs returning 1125c/kg. The heavy lambs were \$10/head dearer selling from \$260 to \$330/head or 1060c to 1100c/kg on average. The best of the Merinos reached \$184/head averaging 880c/kg. The dearest Hogget reached \$230/head.

Mutton numbers lifted and the quality was mixed with plenty of 1 and 2 scores. Prices were cheaper across the light and medium weights and heavy mutton with good cover remained firm. Medium weight ewes sold from \$128 to \$179/head. Heavy crossbred ewes \$228 to \$288 and the highest Merino reached \$200/head. Most ranged from 640c to 740c/kg.

Report by Graeme Richard, MLA's National Livestock Reporting Service.

22 XB Ewes sold for \$270ph by Kevin Miller Whitty Lennon & Co on behalf of Gundara P/L.
